Casey Anderson – Washington Area Bicyclist Association, Board member
Richard Layman - Bicycle Advocate and Planner

12:15 What Do We Need To Do To Get There? - Action Planning for Most Effective
Improvements - Moderator, Robert Patten, Toole Design Group

12:45 Wrap-Up and Closing Remarks: Francoise Carrier, Chairman, Maryland-National
Capital/Park & Planning Commission & Valerie Ervin, Council President

1:00 Conference Ends – break for lunch

2:00 BYOB Bike tour of Rockville (see next page or reverse for details)

*subject to last minute additions and changes

BICYCLE TOUR OF BICYCLE-FRIENDLY ROCKVILLE

2:00 Bill Michie of the Rockville Citizens Bicycle Advisory Committee will lead a Bike Tour of Rockville. Bring Your Own Bike (BYOB). The bike ride begins at 2:00 PM meeting at the small asphalt area by the entrance to the Council Parking Garage on E. Jefferson Street and Monroe Street. This is directly across Monroe Street from the Jury Parking Lot where the Farmers Markets are held on Saturday mornings during late spring and summer.

The ride will familiarize us with on-road bike routes, bike paths, the Millennium Trail, cut-throughs, signage and bridges. The purpose is to demonstrate to riders how such facilities create safe bicycling routes that are suitable for many everyday trips.

How long the bike ride will take depends on the capabilities of the least able cyclist. The route Bill has in mind has hills that people who have biked very little may find difficult. But novices should rest assured that Bill will not leave the slowest and least fit behind.

The proposed route for the ride is:

START at E. Jefferson Street & Monroe Street

SOUTH on Monroe Street

LEFT on Cabin John Parkway

STRAIGHT onto the bike path where Cabin John Parkway ends at Leverton Road

RIGHT onto the Millennium Trail at Wootton Parkway

CROSS Seven Locks Road to remain on the Millennium rail

CROSS Falls Road to remain on the Millennium Trail

RIGHT onto Hurley Avenue

RIGHT onto Watts Branch Parkway

BEAR LEFT onto Friendship Bridge over I-270

WALK bikes across Nelson Street & then W. Montgomery Ave at traffic light

STRAIGHT on sidewalk along Nelson Street

RIGHT onto Anderson Ave

FOLLOW signs to Town Center using the on-street route.

GATHER at Town Square to answer any questions.

BIKE towards the Movie Theatre and then Monroe Street to return to **START**

Bill will stop several times during the ride to point out various features that enable and enrich safe bicycling. He will stress that most adult bike trips for everyday purposes should be much shorter and easier than this bike tour. He will also stress that short bike trips can be done in everyday clothing -- not the high-tech cycling gear he normally wears.
